

A technical drawing of a metal plate, likely a door handle or lock component. The plate is rectangular with a central keyhole. It has four mounting tabs, one on each side, each with a circular hole for a screw. The plate is marked with the word "Viro" at the top, a small "1" near the keyhole, and the word "PATENTED" at the bottom. A curved arrow indicates the direction of rotation for the handle. The drawing is labeled "Art.1.8252.4" in the bottom right corner.
